

Toilets remaining — Friday 9 October 2026

Author: Andrew Fisher | End-of-day FWF update | Live record 4884

No more FWF loads today. Unfinished Friday FWF deliveries have moved to Tuesday 13 October. This is a toilet status list, not a dispatch instruction or a list of missing fleet numbers.

Already recorded on site

WC09: four Event Portables FWF units — 0085, 0551, 0450, 0585 — plus the two existing Coates blocks. WC31: both Event Portables 16-pan blocks, 12 and 74, are in place. These blocks are not outstanding.

Records needing arrival reconciliation

WC61: eight Event Portables FWF units allocated (0645, 0105, 0945, 0977, 0547, 0290, 0038, 0015); arrival is still unconfirmed. WC69: six Event Portables units allocated (0152, 0078, 0010, 0070, 0958, 0647) against a programme quantity of 12; allocation does not establish arrival or prove that six units are undelivered. WC40: its separate five-unit programme requirement remains, but the five previously allocated numbers were moved to WC69. Do not dispatch those numbered units to WC40.

Other toilet items

WC31: Coates accessible toilet 1317645 is now allocated live. Its individual arrival quantity remains unrecorded; location-level on-site status does not establish this item's arrival. WC51: one accessible toilet is planned for Thursday 15 October. WC09: six pee panels are planned, but no arrival quantity is recorded. These are unconfirmed records, not proof of physical absence.
