What crews ask the tool store for over and above the shelf - logged at the counter in CONSUMABLE_REQUESTS.xlsx as it happens. Nothing is logged yet. When someone asks for something we don't stock, jot it in the register (item, who, company, qty) and it appears here automatically - so the store sees real demand, not guesswork.

Meet the tool store team

The crew running your K2 tool store - getting the right gear to the right crew, keeping it looked after and ready, and making sure everything that leaves the store is right. Day and night, so the shutdown keeps moving. Something not on hand or not right? Tell us and we'll sort it.

Expertise, solutions and help at the counter

✓ The right gear to the right crew

✓ Looked after, maintained & ready

✓ Checked and right - every time

Honest limits: Requests are logged by hand at the counter in CONSUMABLE_REQUESTS.xlsx - this report shows exactly what's in that register, nothing inferred. Empty register = no requests logged, not necessarily no requests made.

All returns go through the Coates tool store, handed to the stores team and double-scanned. Nothing is returned unless it is scanned.
