HOW TO USE

1. Before the run, open any sheet with signal. Wait for Ready for offline scans. Later scans work offline on that phone; waiting ticks send when signal returns.
2. LOCATION QR: scan for directions (Google Maps). No pin: ask on site.
3. When a job is done, scan that location's PUMP OUT or CLEAN & RESTOCK code, tap Complete (the phone records the time), then Save & close. It only ticks that location. Refilled is a tick of its own and does not count in the %.
4. The phone shows each job, area and overall progress. Wait for Saved before treating a tap as received; Waiting ticks are still on this phone.
5. A service day runs 08:00 to 08:00 (Gold Coast time); the phone picks the day.

Servicing contact not confirmed: check with the site supervisor before the run.

Track only - nothing here ticks the job record or changes a charge

NO TWIN-STEER TRUCKS: not on the track, the Esplanade or inside Macintosh Island Park. Week 3, Week 2, Week 1, Race Week and demob. A twin-steer has nowhere to park or unload and may not be able to unload at all.

HOW TO USE

1. Before the run, open any sheet with signal. Wait for Ready for offline scans. Later scans work offline on that phone; waiting ticks send when signal returns.
2. LOCATION QR: scan for directions (Google Maps). No pin: ask on site.
3. When a job is done, scan that location's PUMP OUT or CLEAN & RESTOCK code, tap Complete (the phone records the time), then Save & close. It only ticks that location. Refilled is a tick of its own and does not count in the %.
4. The phone shows each job, area and overall progress. Wait for Saved before treating a tap as received; Waiting ticks are still on this phone.
5. A service day runs 08:00 to 08:00 (Gold Coast time); the phone picks the day.

Servicing contact not confirmed: check with the site supervisor before the run.

HOW TO USE

1. Before the run, open any sheet with signal. Wait for Ready for offline scans. Later scans work offline on that phone; waiting ticks send when signal returns.
2. LOCATION QR: scan for directions (Google Maps). No pin: ask on site.
3. When a job is done, scan that location's PUMP OUT or CLEAN & RESTOCK code, tap Complete (the phone records the time), then Save & close. It only ticks that location. Refilled is a tick of its own and does not count in the %.
4. The phone shows each job, area and overall progress. Wait for Saved before treating a tap as received; Waiting ticks are still on this phone.
5. A service day runs 08:00 to 08:00 (Gold Coast time); the phone picks the day.

Servicing contact not confirmed: check with the site supervisor before the run.

Track only - nothing here ticks the job record or changes a charge

NO TWIN-STEER TRUCKS: not on the track, the Esplanade or inside Macintosh Island Park. Week 3, Week 2, Week 1, Race Week and demob. A twin-steer has nowhere to park or unload and may not be able to unload at all.

HOW TO USE

1. Before the run, open any sheet with signal. Wait for Ready for offline scans. Later scans work offline on that phone; waiting ticks send when signal returns.
2. LOCATION QR: scan for directions (Google Maps). No pin: ask on site.
3. When a job is done, scan that location's PUMP OUT or CLEAN & RESTOCK code, tap Complete (the phone records the time), then Save & close. It only ticks that location. Refilled is a tick of its own and does not count in the %.
4. The phone shows each job, area and overall progress. Wait for Saved before treating a tap as received; Waiting ticks are still on this phone.
5. A service day runs 08:00 to 08:00 (Gold Coast time); the phone picks the day.

Servicing contact not confirmed: check with the site supervisor before the run.
Track only - nothing here ticks the job record or changes a charge

NO TWIN-STEER TRUCKS: not on the track, the Esplanade or inside Macintosh Island Park. Week 3, Week 2, Week 1, Race Week and demob. A twin-steer has nowhere to park or unload and may not be able to unload at all.

WC47	**1 × FWF**	Toilets	yes	page 55

HOW TO USE

1. Before the run, open any sheet with signal. Wait for Ready for offline scans. Later scans work offline on that phone; waiting ticks send when signal returns.
2. LOCATION QR: scan for directions (Google Maps). No pin: ask on site.
3. When a job is done, scan that location's PUMP OUT or CLEAN & RESTOCK code, tap Complete (the phone records the time), then Save & close. It only ticks that location. Refilled is a tick of its own and does not count in the %.
4. The phone shows each job, area and overall progress. Wait for Saved before treating a tap as received; Waiting ticks are still on this phone.
5. A service day runs 08:00 to 08:00 (Gold Coast time); the phone picks the day.

Servicing contact not confirmed: check with the site supervisor before the run.

Track only - nothing here ticks the job record or changes a charge

NO TWIN-STEER TRUCKS: not on the track, the Esplanade or inside Macintosh Island Park. Week 3, Week 2, Week 1, Race Week and demob. A twin-steer has nowhere to park or unload and may not be able to unload at all.

GC500 servicing sheets · Author: Andrew Fisher · printed 22 Oct 2026 03:22 AEST · data: tracker-data 21 Oct 2026; confirmed servicing-only trailer addition; existing site records retained (949e59e0) · maps from the live page (56fcb009), 2026-10-21

AREA 14

Coates Compound (Seaway)

1 location · 1 unit: 1 × FWF

Jobs: 2 a night on Fri 23 and Sat 24; 1 on Sun 25 night. The phone shows this area's % complete and the overall %.

Pump trucks: scan the orange PUMP OUT code · Cleaners: scan the blue CLEAN & RESTOCK code · Water truck: tap Refilled

Off the plan

These locations are not on the master plan drawing. WC85 has a Google Maps pin: scan its "Scan for directions" QR.

LOCATIONS IN THIS AREA

Ref	How many	Where / drop point	Pin	Sheet
WC85	**1 × FWF**	Toilets	yes	page 82

HOW TO USE

1. Before the run, open any sheet with signal. Wait for Ready for offline scans. Later scans work offline on that phone; waiting ticks send when signal returns.
2. LOCATION QR: scan for directions (Google Maps). No pin: ask on site.
3. When a job is done, scan that location's PUMP OUT or CLEAN & RESTOCK code, tap Complete (the phone records the time), then Save & close. It only ticks that location. Refilled is a tick of its own and does not count in the %.
4. The phone shows each job, area and overall progress. Wait for Saved before treating a tap as received; Waiting ticks are still on this phone.
5. A service day runs 08:00 to 08:00 (Gold Coast time); the phone picks the day.
