Right now there are 42 items out with the K2 tool store in Dark Knight Engineering's name, across 15 people, covering 106 item types. The oldest item has been out 15 days - the chase list below runs oldest first. If everything on this list went missing today, the replacement cost would be \$71,937.08 - that's the only dollar figure on this report.

Coates is on site to keep your crew equipped - this report is how we help you keep control of it. One ask that saves everyone money: when gear is finished with, bring it back. Returned gear is double-scanned off your record, checked and maintained, and ready for the next crew - that is Best Service & Value working for you.

Same-day returns keep your record clean and the gear maintained - thank your crew for those. Anything still out is listed below, oldest first.

Aging - days on hire

0-2 DAYS (ON TRACK)	3-4 DAYS (AT RISK)	5+ DAYS (ACTION NEEDED)
11	6	25

K2 workbook accountability thresholds for reference: overdue at 2 days, high at 3, critical at 4+. Anything 3 days or older warrants follow-up - the detail below is sorted oldest first so the chase list is at the top.

High-care gear

No Milwaukee gear, radios or gas monitors are currently in Dark Knight Engineering's name - nothing high-care to track.

Outstanding - on hire to you, not yet returned (oldest first)

Each draw counts as one transaction regardless of quantity taken. Quantities only - no consumables price feed is loaded, so no dollar values are shown for consumables.

The tool store has your back

SCAN & LOOK - DOUBLE SCANNED, EVERY TIME

Every item is scanned **and** sighted going out, and scanned and sighted coming back - our scan-and-look process. If it moved, it is on the record. That is your protection as much as ours.

STOCK YOU CAN TRUST

The store runs stock rotation with full stock checks every **3 days** - what the register says is on the shelf is what is on the shelf.

SDS ON YOUR PHONE

Safety Data Sheets are available **inside the tool store**, and outside it - scan the QR code on the wall and the SDS downloads straight to your phone.

LOGBOOK GEAR

Anything marked LOGBOOK needs its daily pre-start and logbook entry before it operates - books and blank pages are at the counter.

BREAKDOWNS - TELL US EVERYTHING

Something stops? Report it straight away with the details: **where it is, what is wrong, what it was doing**. We will get it swapped or fixed - no drama, no waiting.

FLOGGERS & THE SMALL STUFF

Using floggers? **Flogger holders are available at the store**. How-to cards, radio channel cards and gas monitor guides live on the counter - just ask.

We are here to help - **reach out if you require anything**. Your Coates tool store team. MY GEAR HQ · POWERED BY SITEIQ

Meet the tool store team

The crew running your K2 tool store - getting the right gear to the right crew, keeping it looked after and ready, and making sure everything that leaves the store is right. Day and night, so the shutdown keeps moving. Something not on hand or not right? Tell us and we'll sort it.

✓ The right gear to the right crew

✓ Looked after, maintained & ready

✓ Checked and right - every time

Honest limits: This report shows replacement cost exposure only - hire rates and hire spend are not shown on company reports. Replacement costs come from the K2 replacement cost schedule where an item matches by description; unmatched items show TBC and are excluded from the exposure total. Consumables are quantities only - no consumables price feed is loaded, so no dollar values are shown or implied for them. Transaction counts come from the SiteIQ TRANSACTIONS export (attributed per item) plus consumables draws - a draw counts as ONE transaction regardless of quantity taken. All data reflects SiteIQ as at the data-as-at stamp above - this report is a point-in-time snapshot.

All returns go through the Coates tool store, handed to the stores team and double-scanned. Nothing is returned unless it is scanned.
