The day's walking list. Everything on these pages is out with a named person right now. The ask at the counter is always the same and it is always friendly: **bring it back to the store** - the team will clean it, check it and have it safe and ready for the next person. That is how we look after the crews, the client and the gear, all at once. The list is kept deliberately tight: **gas monitors, radios and radio batteries, and Milwaukee batteries every day**, plus **Milwaukee tools once they've been out 3 days**. Everything else stays off it so the real asks stand out.

Gas monitors - back every day, no exceptions

Life-safety equipment under the Coates Life Saving Rules. Every monitor comes back to the store daily to be cleaned, charged and **bump tested** before it goes out again - that is what makes it safe for the next person who clips it on.

REPLACEMENT VALUE ON THE LIST

A tool in daily use is doing its job - it isn't chased. Once one has sat out 3 days it makes this list for a friendly check-in. Nothing out 3 days or more - the Milwaukee fleet is turning over nicely.

At the store: high replacement value tooling - when it is not in a hand it belongs in the tool store, not a crib room. Care cards available at the counter.

Milwaukee tools 3d+		\$0.00

The tool store has your back

SCAN & LOOK - DOUBLE SCANNED, EVERY TIME

Every item is scanned **and** sighted going out, and scanned and sighted coming back - our scan-and-look process. If it moved, it is on the record. That is your protection as much as ours.

STOCK YOU CAN TRUST

The store runs stock rotation with full stock checks every **3 days** - what the register says is on the shelf is what is on the shelf.

SDS ON YOUR PHONE

Safety Data Sheets are available **inside the tool store**, and outside it - scan the QR code on the wall and the SDS downloads straight to your phone.

LOGBOOK GEAR

Anything marked LOGBOOK needs its daily pre-start and logbook entry before it operates - books and blank pages are at the counter.

BREAKDOWNS - TELL US EVERYTHING

Something stops? Report it straight away with the details: **where it is, what is wrong, what it was doing**. We will get it swapped or fixed - no drama, no waiting.

FLOGGERS & THE SMALL STUFF

Using floggers? **Flogger holders are available at the store**. How-to cards, radio channel cards and gas monitor guides live on the counter - just ask.

We are here to help - **reach out if you require anything**. Your Coates tool store team. **MY GEAR HQ** · POWERED BY SITEIQ

Meet the tool store team

The crew running your K2 tool store - getting the right gear to the right crew, keeping it looked after and ready, and making sure everything that leaves the store is right. Day and night, so the shutdown keeps moving. Something not on hand or not right? Tell us and we'll sort it.

Honest limits: Counts come from today's RENTAL_STOCK export; fleet totals count every unit in the export, on hire or not. Replacement values come from the K2 replacement cost schedule; 8 item(s) on these lists show TBC and are excluded from value totals rather than guessed. Gas monitor and radio return expectations are store practice, not a charge.

All returns go through the Coates tool store, handed to the stores team and double-scanned. Nothing is returned unless it is scanned.
