Cement Australia K2 Shutdown 2026 - Gladstone

Generated: 05 Aug 2026 12:28 | Data as at: 05 Aug 2026 12:08 (RENTAL\_STOCK export file time) | Author: Andrew Fisher

KEY • ELECTRICAL / RIGGING test & tag current · tag colour BLUE • LOGBOOK daily pre-start & logbook entry • RETURN DAILY back to the tool store every shift

Right now there are 90 items out with the K2 tool store in Programmed's name, across 93 people, covering 298 item types. The oldest item has been out 10 days - the chase list below runs oldest first. If everything on this list went missing today, the replacement cost would be \$43,178.02 - that's the only dollar figure on this report.

Coates is on site to keep your crew equipped - this report is how we help you keep control of it. One ask that saves everyone money: when gear is finished with, bring it back. Returned gear is double-scanned off your record, checked and maintained, and ready for the next crew - that is Best Service & Value working for you.

PAGE 2 OF 29

KEY • ELECTRICAL / RIGGING test & tag current · tag colour BLUE • LOGBOOK daily pre-start & logbook entry • RETURN DAILY back to the tool store every shift

Same-day returns keep your record clean and the gear maintained - thank your crew for those. Anything still out is listed below, oldest first.

Aging - days on hire

| 0-2 DAYS (ON TRACK) | 3-4 DAYS (AT RISK) | 5+ DAYS (ACTION NEEDED) |
|---------------------|--------------------|-------------------------|
| 53                  | 11                 | 26                      |

K2 workbook accountability thresholds for reference: overdue at 2 days, high at 3, critical at 4+. Anything 3 days or older warrants follow-up - the detail below is sorted oldest first so the chase list is at the top.

High-care gear in your name

**Gas monitors (6):** every monitor is bump-tested and calibrated before issue - that is life-safety equipment under the Coates Life Saving Rules (SEQ-GL-009). Return them to the tool store daily for charging and checks; never swap between crews without going through the store.

**Milwaukee gear (18):** high replacement value tooling - see the replacement cost column below. When it is not in a hand, it belongs in the tool store, not a crib room.

**Radios (12):** charged daily and pooled site-wide - return to the store for overnight charging so the next shift picks up a working unit.

Each draw counts as one transaction regardless of quantity taken. Quantities only - no consumables price feed is loaded, so no dollar values are shown for consumables.

## The tool store has your back

**SCAN & LOOK - DOUBLE SCANNED, EVERY TIME**

Every item is scanned **and** sighted going out, and scanned and sighted coming back - our scan-and-look process. If it moved, it is on the record. That is your protection as much as ours.

**STOCK YOU CAN TRUST**

The store runs stock rotation with full stock checks every **3 days** - what the register says is on the shelf is what is on the shelf.

**SDS ON YOUR PHONE**

Safety Data Sheets are available **inside the tool store**, and outside it - scan the QR code on the wall and the SDS downloads straight to your phone.

**LOGBOOK GEAR**

Anything marked LOGBOOK needs its daily pre-start and logbook entry before it operates - books and blank pages are at the counter.

**BREAKDOWNS - TELL US EVERYTHING**

Something stops? Report it straight away with the details: **where it is, what is wrong, what it was doing**. We will get it swapped or fixed - no drama, no waiting.

**FLOGGERS & THE SMALL STUFF**

Using floggers? **Flogger holders are available at the store**. How-to cards, radio channel cards and gas monitor guides live on the counter - just ask.

We are here to help - **reach out if you require anything**. Your Coates tool store team. **MY GEAR HQ** · POWERED BY SITEIQ

## Meet the tool store team

The crew running your K2 tool store - getting the right gear to the right crew, keeping it looked after and ready, and making sure everything that leaves the store is right. Day and night, so the shutdown keeps moving. Something not on hand or not right? Tell us and we'll sort it.

Expertise, solutions and help at the counter

✓ The right gear to the right crew

✓ Looked after, maintained & ready

✓ Checked and right - every time

**Honest limits:** This report shows replacement cost exposure only - hire rates and hire spend are not shown on company reports. Replacement costs come from the K2 replacement cost schedule where an item matches by description; unmatched items show TBC and are excluded from the exposure total. Consumables are quantities only - no consumables price feed is loaded, so no dollar values are shown or implied for them. Transaction counts come from the SiteIQ TRANSACTIONS export (attributed per item) plus consumables draws - a draw counts as ONE transaction regardless of quantity taken. All data reflects SiteIQ as at the data-as-at stamp above - this report is a point-in-time snapshot.

All returns go through the Coates tool store, handed to the stores team and double-scanned. Nothing is returned unless it is scanned.

Care Deeply · Customer Focused · Be Our Best · One Team · Competitive Spirit
