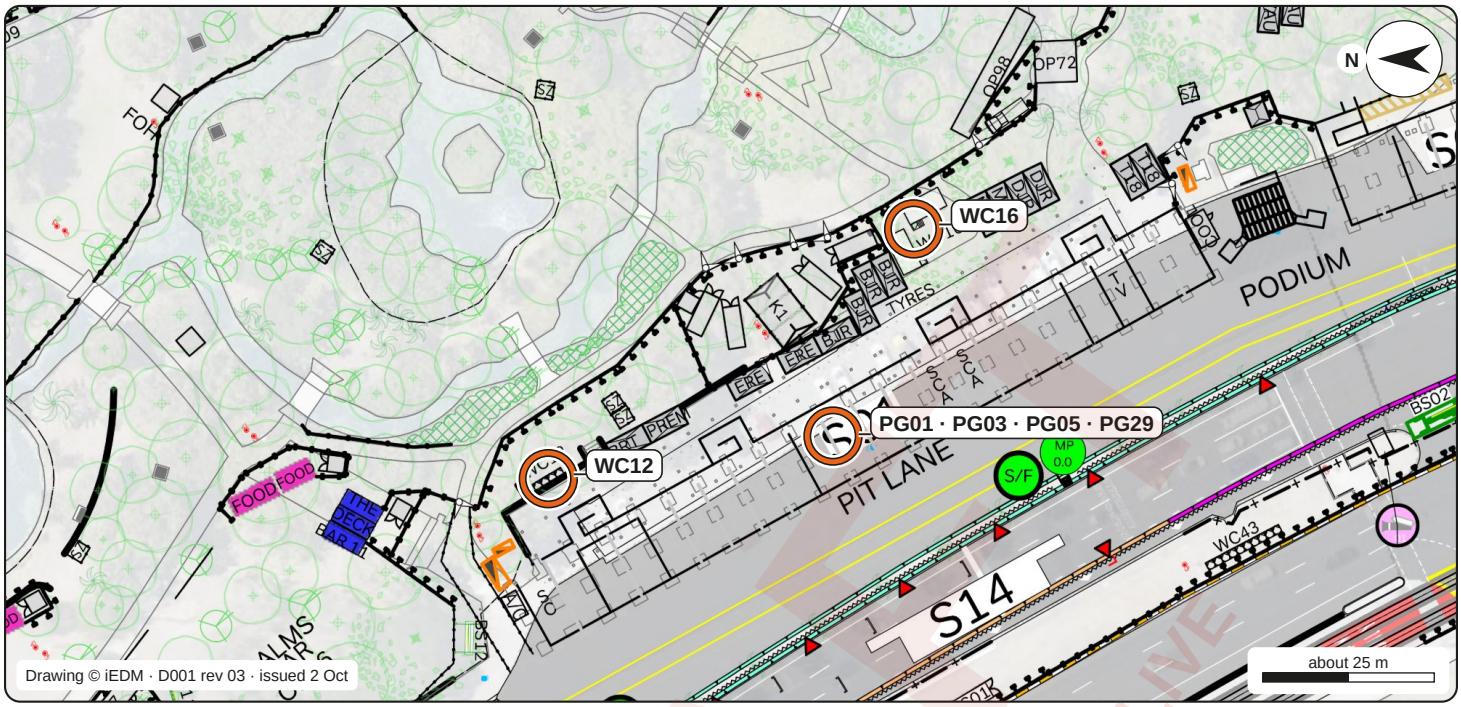
1

AREA 1

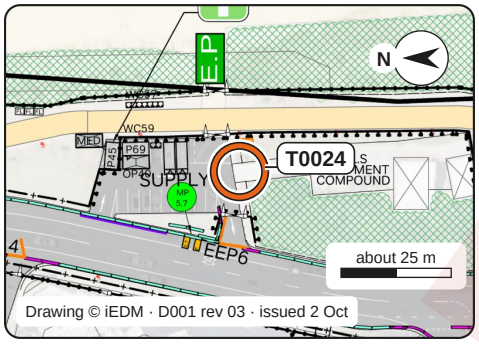
Pit Lane & Paddock

7 locations · 11 units: 9 × FWF · 2 × Toilet block 6 m

Jobs: 31 a night on Thu 22 (if needed), Fri 23 and Sat 24; 33 on Sun 25 night. The phone shows this area's % complete and the overall %.



T0024 · drawn about 360 m from the rest of this area



HOW TO USE

1. Before the run, open any sheet with signal. Wait for Ready for offline scans. Later scans work offline on that phone; waiting ticks send when signal returns.
2. LOCATION QR: scan for directions (Google Maps). No pin: ask on site.
3. When the jobs are done, scan that location's COMPLETION QR and tap each job. The phone records the time. It only ticks that location.
4. The phone shows each job, area and overall progress. Wait for Saved before treating a tap as received; Waiting ticks are still on this phone.
5. A service day runs 08:00 to 08:00 (Gold Coast time); the phone picks the day.

WC07	**20 × FWF**	Toilets - Merch Area · drop point: Median strip meet-up – pit stop, by FOAM	yes	page 25

HOW TO USE

1. Before the run, open any sheet with signal. Wait for Ready for offline scans. Later scans work offline on that phone; waiting ticks send when signal returns.
2. LOCATION QR: scan for directions (Google Maps). No pin: ask on site.
3. When the jobs are done, scan that location's COMPLETION QR and tap each job. The phone records the time. It only ticks that location.
4. The phone shows each job, area and overall progress. Wait for Saved before treating a tap as received; Waiting ticks are still on this phone.
5. A service day runs 08:00 to 08:00 (Gold Coast time); the phone picks the day.

Servicing contact not confirmed: check with the site supervisor before the run.

Track only - nothing here ticks the job record or changes a charge

NO TWIN-STEER TRUCKS: not on the track, the Esplanade or inside Macintosh Island Park. Week 3, Week 2, Week 1, Race Week and demob. A twin-steer has nowhere to park or unload and may not be able to unload at all.

GC500 servicing sheets · Author: Andrew Fisher · printed 20 Oct 2026 09:30 AEST · data: tracker-data 18 Oct 2026 (Andrew's job rules), record 9704, Andrew's 13 areas (84740381) · maps from the live page v10.60.1 (92c91a82), 2026-10-17

HOW TO USE

1. Before the run, open any sheet with signal. Wait for Ready for offline scans. Later scans work offline on that phone; waiting ticks send when signal returns.
2. LOCATION QR: scan for directions (Google Maps). No pin: ask on site.
3. When the jobs are done, scan that location's COMPLETION QR and tap each job. The phone records the time. It only ticks that location.
4. The phone shows each job, area and overall progress. Wait for Saved before treating a tap as received; Waiting ticks are still on this phone.
5. A service day runs 08:00 to 08:00 (Gold Coast time); the phone picks the day.

Servicing contact not confirmed: check with the site supervisor before the run.
Track only - nothing here ticks the job record or changes a charge

NO TWIN-STEER TRUCKS: not on the track, the Esplanade or inside Macintosh Island Park. Week 3, Week 2, Week 1, Race Week and demob. A twin-steer has nowhere to park or unload and may not be able to unload at all.

HOW TO USE

1. Before the run, open any sheet with signal. Wait for Ready for offline scans. Later scans work offline on that phone; waiting ticks send when signal returns.
2. LOCATION QR: scan for directions (Google Maps). No pin: ask on site.
3. When the jobs are done, scan that location's COMPLETION QR and tap each job. The phone records the time. It only ticks that location.
4. The phone shows each job, area and overall progress. Wait for Saved before treating a tap as received; Waiting ticks are still on this phone.
5. A service day runs 08:00 to 08:00 (Gold Coast time); the phone picks the day.

Servicing contact not confirmed: check with the site supervisor before the run.

Track only - nothing here ticks the job record or changes a charge

NO TWIN-STEER TRUCKS: not on the track, the Esplanade or inside Macintosh Island Park. Week 3, Week 2, Week 1, Race Week and demob. A twin-steer has nowhere to park or unload and may not be able to unload at all.

GC500 servicing sheets · Author: Andrew Fisher · printed 20 Oct 2026 09:30 AEST · data: tracker-data 18 Oct 2026 (Andrew's job rules), record 9704, Andrew's 13 areas (84740381) · maps from the live page v10.60.1 (92c91a82), 2026-10-17

WHEN THE JOBS ARE DONE

1. Do the jobs for tonight (the dots above).
2. Scan the orange COMPLETION QR. It opens WC85 only.
3. Tap each job as it is done. The phone keeps the time.

NO AREA YET

No location yet

1 location · 2 units: 2 × FWF trailer

Jobs: 6 a night on Thu 22 (if needed), Fri 23 and Sat 24; 6 on Sun 25 night. The phone shows this area's % complete and the overall %.

No pin

No location given yet. Ask on site; each sheet still has its asset numbers, its jobs and its completion QR.

LOCATIONS IN THIS AREA

Ref	How many	Where / drop point	Pin	Sheet
WC100	**2 × FWF trailer**	-	no	page 69

HOW TO USE

1. Before the run, open any sheet with signal. Wait for Ready for offline scans. Later scans work offline on that phone; waiting ticks send when signal returns.
2. LOCATION QR: scan for directions (Google Maps). No pin: ask on site.
3. When the jobs are done, scan that location's COMPLETION QR and tap each job. The phone records the time. It only ticks that location.
4. The phone shows each job, area and overall progress. Wait for Saved before treating a tap as received; Waiting ticks are still on this phone.
5. A service day runs 08:00 to 08:00 (Gold Coast time); the phone picks the day.
